All remaining rejections and/or objections follow.

The terminal disclaimer filed on 7-2-04 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US patent 6,552,124 and application serial no. 09/753,077 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Claims 12, 15,16, and 21-24 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The term "analogs" is unclear since it is subjective as to what materials may be an analog of another.

Applicant's arguments filed 7-2-04 have been fully considered but they are not persuasive. Applicants have not explained how their amendment clarifies the term "analogs".

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of
